I am a first-year M.Sc student in PAttern Learning and Mining(PALM) Lab at Southeast University (SEU). My research interests mainly revolve around 3D Human Modeling, 3D/4D Asset Generation, and Video Generation.

Prior to that, I graduated with a dual bachelor's degree from Shenzhen University (SZU): an honor B.E from College of Computer Science and Software Engineering(CSSE) and B.Sc from School of Mathematical Sciences(MS). During my undergraduate, I conducted research under the supervision of Prof. Can Gao.

If you have questions, feel free to reach out through email (xiaofengtan@seu.edu.cn)! I'm also happy to chat about anything related to Doraemon 🤣 .

🔍 **I am currently seeking collaboration opportunities. If you're interested, feel free to contact me via email or WeChat (txf_06_20).**
